"While millions of Uyghurs have disappeared into China's concentration camps, millions more are being used as slaves in the largest government directed human trafficking forced labor network of the modern day history..."

Rushan Abbas testimony before the House Ways and Means Committee, September 17, 2020

"In addition to these uncertainties surrounding the financial reporting of these companies, some of the Chinese companies themselves present significant national security and humanitarian concerns for the United States..."

National Security Advisor Robert O'Brien and Larry Kudlow, National Economic Council Director

"The boards of your institution's endowment funds have a moral obligation, and perhaps even a fiduciary duty, to ensure that your institution has clean investments and clean endowment funds. I urge you to divest from companies that are on the Entity List or that contribute to human rights violations"

Letter from Under Secretary of State Keith Krach to U.S. Universities urging Chinese divestment on August 18, 2020

The Momentum is Moving Against China and Wall Street - Take Action Now!

Wall Street and the Communist Chinese tyrants can be beaten, but only if you take action now by telling U.S. leaders to stand up to them by demanding that they divest from China Now. Your voice matters – tell our leaders that Americans will not be Chinese slaveholders through our investments and pensions and it's their moral duty to stop it. Go to DivestChinaNow.org and make your voice heard.
